LEGAL ISSUES AND ANSWERS

Protecting Yourself & Your Family With Successful Advance Planning

Presenters: Janet James, Esq. and Gerald W. Carter, Esq.

WHAT THIS SEMINAR COVERS:

Three important legal tools and answers to questions such as:

Why are these “legal-tools” important and why should I care?

What if I’m part of a “Blended Family?”

What if I’m alone and have outlived all my friends and family?

What if my family is estranged and not talking to each other?

What if I’m an only child and both of my parents are in decline?

WHY ATTEND:

Estate Planning/Advance Planning can ease the burden on your family and loved ones and/or bickering and arguments if family members cannot agree or want to fight to gain control of you, your property or other assets. Important Note: Even well-meaning family members who genuinely love you can still have a strong difference of opinion as to what they consider to be in your best interests.
